

14. For the parcel/building proposed for removal from the FTZ (as a “swap” for the new site), you will only need to provide a map if the parcel/building constitutes just a portion of an existing site, in which case provide a letter-sized (8½” x 11”) detailed site plan showing both:

- the overall boundaries clearly outlined **in red** of the entire area of the site which would continue to have FTZ designation after approval of the MBM request
- AND
- the boundaries of the area to be removed clearly outlined **in blue**.

Note: If the overall site plan you provide for the site from which a portion is being removed does not clearly show the precise boundaries of the removed portion (for example, if the overall site is large and the portion removed is only a small portion), you will also need to provide a separate detailed map clearly showing the boundaries of the portion being removed (again, with the removed portion’s boundaries outlined **in blue**).
