

ANTIDUMPING AND COUNTERVAILING DUTIES

**PROCEDURES FOR INITIATION OF DOWNSTREAM
PRODUCT MONITORING**

Section 780 of the Tariff Act of 1930, as amended, establishes a mechanism for monitoring imports of "downstream products." An application to designate a downstream product for monitoring under section 780 of the Act must contain the following information, to the extent reasonably available to the applicant (use additional pages if necessary).

- I. Name and Address of the person requesting the monitoring and a description of the article it produces which is the basis for filing this application.

2. Detailed description of the downstream product in question.

3. Detailed description of the component product that is incorporated into the downstream product, including the value of the component part in relation to the value of the downstream product, and the extent to which the component part has been substantially transformed as a result of its incorporation into the downstream product.

4. Name of the country of production of both the downstream and component products and the name of any intermediate country from which the merchandise is imported.

CON'T ON REVERSE

Public reporting for this collection of information is estimated to be 15 hours per response, including the time for reviewing instructions, and completing and reviewing the collection of information. All responses to this collection of information are voluntary, and will be provided Confidentially to the extent allowed under established Departmental Procedures for the protection of business proprietary information and the Freedom of Information Act. Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Reports Clearance Officer, International Trade Administration, Department of Commerce, Room 4001, 24th and Constitution Avenue, N.W., Washington, D.C. 20230.

5. Name and address of all known producers of component parts and downstream products in the relevant countries and a detailed description of any relationship between such producers.

6. Please indicate whether the component part is already subject to monitoring to aid in the enforcement of a bilateral arrangement within the meaning of section 804 of the Trade and Tariff Act of 1984.

Yes

No

7. List of all antidumping or countervailing duty investigations that have been suspended, or antidumping or countervailing duty orders that have been issued, on merchandise that is related to the component part and that is manufactured in the same foreign country in which the component part is manufactured.

8. List of all antidumping or countervailing duty investigations that have been suspended, or antidumping or countervailing duty orders that have been issued, on merchandise that is manufactured or exported by the manufacturer or exporter of the component part and that is similar in description and use to the component part.

9. Reasons for suspecting that the imposition of antidumping or countervailing duties has resulted in a diversion of exports of the component part into increased production and exportation to the United States of the downstream product.
