

IMPORTANT INFORMATION ABOUT ZONE SCHEDULES

This zone schedule is being made available pursuant to 15 CFR 400.44(e), which states: “The Board shall make copies of zone schedules available on its Web site.”

Availability of this zone schedule on the FTZ Board’s website does not imply that the FTZ Board has approved any rate/charge, policy or other content of this zone schedule. In particular, while the FTZ Board staff intends to conduct spot checks over time, zone schedules are not reviewed for compliance with the public utility requirement (19 U.S.C. 81n, 15 CFR 400.42) prior to making the zone schedules available via the Board’s website.

Pursuant to 15 CFR 400.44(b)(4), a grantee may not assess any specific rate or charge for which the amount – or formula for calculating the amount – does not appear in the zone schedule that the grantee has submitted to the FTZ Board.

Complaints about a grantee’s compliance with statutory and regulatory requirements related to public utility and uniform treatment – including rate or charge amounts/formulas, a grantee assessing a rate or charge amount/formula that does not appear in its zone schedule, and a grantee not affording uniform treatment under like conditions – may be presented to the FTZ Board under 15 CFR 400.45 (which also allows for complaints to be made on a confidential basis, if necessary).

Questions or concerns may be addressed to the FTZ Board staff at (202) 482-2862 or ftz@trade.gov.

SECTION I - DEFINITION OF TERMS

Act—The Foreign-Trade Zones Act of June 18, 1934 (48 Stat. 998 - 1003; 19 U.S.C. 81a-81u), as amended by Public Law 397, 73rd Congress, approved June 18, 1950. (15 C.F.R. § 400.2(a)).

Admission Suspense Account—Merchandise received without complete U.S. Customs documentation or which is unacceptable to the inventory control and recordkeeping system will be recorded in a suspense account or record until documentation is complete or the system is capable of accepting the information. (19 C.F.R. § 146.22(c)). See Section I - Definition of Terms, Temporary Deposit.

Alteration—A change in the boundaries of a Foreign-Trade Zones Board approved and designated Zone or Subzone; designation of a separate Site of an already-activated Zone or Subzone with the same Zone Operator at the same port; or the relocation within a Foreign-Trade Zones Board approved and designated area of an already-activated Site with the same Zone Operator. Notification must be sent to the Foreign-Trade Zones Board. The Operator must make a written application to the local Port Director of U.S. Customs for approval of an alteration of an activated area, as it must be checked by Customs through its security survey to ensure the security suitability and fitness of the area for receipt of merchandise in zone status.

Alternative Site Framework (ASF) means a three-part application that transforms a general-purpose zone by creating a service area (Western Riverside County) where a “usage-driven” site can be established in thirty (30) days or a traditional “magnet” industrial park site can be established in six (6) to ten (10) months if certain criteria are met.

Antidumping/Countervailing Duty—FTZ Board Regulations require that any merchandise admitted to a zone that is subject to an AD/CVD Order must be placed in privileged foreign status. (15 C.F.R. § 400.33(b)(2)).

Applicant of Record—The person, firm or corporation in whose name the application to admit merchandise into the zone (CBPF 214) is made, recognized by U.S. Customs as having the legal right to make the application. Evidence of this right of the applicant is the same as would be required to establish the right to apply for release of the merchandise from U.S. Customs with the right to make entry. (19 C.F.R. § 146.32(b)(2)).

Board—The Board means the Foreign-Trade Zones Board created by the Act to carry out the provisions thereof. The Foreign-Trade Zones Board shall consist of the Secretary of the Department of Commerce, who shall be the chairman, and the Secretary of the Treasury. (15 C.F.R. § 400.2(b)).

Bulk—In trade, a product, or a mass (of a product), which is not packaged, bundled, bottled, or otherwise packed, so that it is designated as bulk or bulk merchandise.

SECTION I - DEFINITION OF TERMS

Conditionally Admissible Merchandise—Merchandise that may be admitted to the zone or be imported into the U.S. under certain conditions. Merchandise subject to antidumping and countervailing duty, subject to Foreign-Trade Zones Board Grant Restrictions, or merchandise transferred from a bonded warehouse, are examples of conditionally admissible merchandise for admission to the zone. Merchandise which is subject to permits or licenses (i.e. FDA controlled merchandise, certain firearms, motor vehicles, etc.), or merchandise which may be reconditioned to bring it into compliance with the laws administered by various federal agencies are examples of conditionally admissible merchandise for import. See Sections 6.3, 6.7(g), and 11.5, U.S. Customs FTZ Manual.

Container—A container is a shipping device--a non-self propelled, rigid, non-disposable, returnable, cargo-carrying device with or without wheels, enclosed or otherwise and includes any container, trailer, chassis platform, specially constructed skid, pallets, mount, or combination thereof, and which is designed to be transported integrally as one unit directly and mechanically between vessels and piers so as to eliminate intermediate rehandling and/or storage of cargo.

Customs and Border Protection Form 214—Application and permit to admit merchandise into a Foreign-Trade Zone and/or designation of zone status.

Customs and Border Protection Form 214A—Application For Foreign-Trade Zone Admission and/or Status Designation. This form is the pink or salmon colored statistical copy of the CBPF 214 utilized for Bureau of Census reporting purposes. Electronic filing may be made to Census with filing the e-214. If the admission is not filed electronically, the CBPF 214A is required to be submitted to the U.S. Customs.

Customs and Border Protection Form 216—Application and permit for the manipulation, manufacture, exhibition, temporary removal or destruction of merchandise within a Foreign-Trade Zone.

Customs Territory—The territory of the United States in which the general tariff law of the United States applies but which is not included in any Foreign-Trade Zone.

Domestic Merchandise—Domestic sourced or foreign sourced previously duty paid merchandise. See Status of Merchandise herein.

Foreign Merchandise—Imported merchandise that has not been properly released from U.S. Customs custody in the Customs territory of the United States. See Status of Merchandise herein.

Fungible Merchandise—Merchandise that for commercial purposes is identical and interchangeable in all situations.

SECTION I - DEFINITION OF TERMS

Grantee—The Grantee of Foreign-Trade Zone No. 244 is March Joint Powers Authority, an organization to which the privilege of establishing, operating, and maintaining a foreign-trade zone has been granted by the Foreign Trade Zone Board.

Harmonized Tariff Schedule of the U.S. (HTSUS) Number—The ten-digit number used to identify all imported and exported merchandise. The complete text is available from the U.S. International Trade Commission, Publication 4053.

In-Transit Merchandise—The term "in-transit merchandise" includes all foreign merchandise transported into and out of the United States, whether in and out of the same port or across the country to another port, with or without transshipment, warehousing, breaking bulk, or change in mode of transportation, which originated in one foreign country and is destined at the time of the original shipment to another foreign country. Its distinctive feature is that it is being transported, from one foreign country through the United States to another foreign country, under a through bill of lading or other documentation for a completed journey.

Inventory Records—

A. Zone Lot Number (ZLN)—A number assigned to the unit or units of goods (zone lot) for which a separate record and account is to be kept by the Zone Operator or Zone User. The merchandise must be physically segregated and marked by lot at all times. (19 C.F.R. 146.37(a)(1) and (d)).

B. Unique Identifier Number (UIN)—Numbers, letters, or combination of both (alphanumeric) that identify merchandise admitted to a zone. It is fungible material typically identified by a part number, model number, style number, SKU, etc. This number may be used for control and accounting of the goods. FIFO (First In, First Out) and FOFI (Foreign First) inventory relief methods have been authorized by the U.S. Customs. (19 C.F.R. 146.37(a)(2) and (d)). Generally, a FIFO system is used for UIN activity.

Lease—The document of agreement entered into between the owner or lessor of the property and the lessee for use of space within the Foreign-Trade Zone.

Magnet Site means sites intended to attract multiple potential FTZ operators/users.

Manipulation—Means breaking up, repacking, assembling, distributing, sorting, grading, cleaning, mixing with foreign or domestic merchandise, or other processing which does not constitute a manufacture.

Manufacturing—Activity involving the substantial transformation of a foreign article resulting in a new and different article having a different name, character, use, and HTS classification. Authority for such activity in a zone must be secured from the Foreign-Trade Zones Board and authorized on a CBPF 216 by the U.S. Customs.

SECTION I - DEFINITION OF TERMS

Merchandise—Merchandise includes goods, wares and chattels of every description except prohibited merchandise. (Building materials, production equipment, and supplies for use in operation of a zone may not be considered "merchandise.")

North American Free Trade Agreement (NAFTA) Duty Deferral Program—The NAFTA Duty Deferral Program is currently in effect for trade between the United States and Canada/Mexico. Under this Program, all foreign sourced, non-NAFTA-qualified merchandise used in manufacturing in a foreign-trade zone, whether or not the finished product is NAFTA-qualified, when exported to Canada/Mexico must be the subject of a special NAFTA "08" code Customs entry and be subject to U.S. Customs duties, applicable antidumping/countervailing duties, and merchandise processing fees.

Open or Yard Storage—The keeping of merchandise on open space within the fenced-in area of the Foreign-Trade Zone where merchandise not requiring weather protection may be stored.

Operating Agreement—The agreement between the Zone Operator and the Zone User, or the Zone Grantee and the Zone Operator describing rights, responsibilities, and financial considerations.

Port Director, U.S. Customs—The Port Director of U.S. Customs located in Long Beach, California, or his representative.

Prohibited Merchandise—Merchandise, the importation of which is prohibited by law on grounds of public policy or morals, or any merchandise that is excluded from a zone by order of the Foreign-Trade Zones Board. Books urging treason or insurrection against the U.S., obscene pictures, and lottery tickets are examples of prohibited merchandise. Also, certain types of operations involving the following merchandise are prohibited: Tobacco, cigars, cigarettes and cigarette papers and tubes (26 U.S.C. 5701-5706); Firearms (26 U.S.C. 4181-4182/5811); Distilled spirits, alcohol, wine and beer (26 U.S.C. 5001-5008/5010); Sugar (26 U.S.C. 4501-4503); Watch movements (19 U.S.C. 1367-1368); Bicycle parts were prohibited for a limited time period (19 U.S.C. 81b(c)) until December 31, 1992; and retail sales in a zone (19 U.S.C. 81 (o)(d) & CR 146.14). Detailed information on exactly what merchandise is prohibited from being admitted to the foreign-trade zone is available from the Zone Grantee.

Quantity—Means the numerical count of the units composing a shipment of merchandise.

Quota—Means a set limit of a given item that may be imported during a set period of time (normally one year). Tariff rate quota only limits the quantity that may be imported at the lower rate; imports above the quota quantity would be at a higher rate of duty.

SECTION I - DEFINITION OF TERMS

Re-Exports or Reshipments—Merchandise from one foreign country initially destined to the United States that, after being unladen, stored, and/or manipulated or manufactured in this country, is transported under a new bill of lading or other new documentation to another foreign country. Generally, it includes all merchandise of foreign origin which has not been so manipulated or manufactured as to be deemed a product of the United States, and which has not been released from Customs custody into Customs territory.

Regulations—All operations within the foreign-trade zone are subject to the Foreign-Trade Zones Board Regulations, 15 C.F.R. Part 400; and U.S. Customs Regulations, 19 C.F.R. Part 146. Imports and exports may also be governed by the Regulations or Guidelines of other Federal Agencies. All products to be admitted to a foreign-trade zone must be reviewed for potential compliance issues.

Restricted Merchandise/Operations—Merchandise which may not be authorized for delivery from Customs custody without a special permit, or a waiver thereof, by an agency of the U.S. Government. Contact the Zone Operator for a list of Restricted Merchandise. Also, the Foreign-Trade Zones Board and U.S. Customs have restricted certain operations involving the following products: steel, apparel/textiles, television tubes, auto parts, milk, and sugar, orange juice, printers ink, alcohol/gasohol, oil refining, tires, chain saws, and golf carts. The restrictions may vary on a case-by-case basis. Contact the Zone Grantee for a current list of Foreign-Trade Zones Board Grant Restrictions. (15 C.F.R. § 400.31).

Sequential Number—The control number or the zone admission number on the CBPF 214 in block #6. The Zone Operator sets the number structure. It is not the zone lot number or the UIN.

Service Area means the Western Riverside County areas, where usage-driven or magnet sites can be established.

Status of Merchandise—

A. Domestic Merchandise—Merchandise produced in the U.S., not exported therefrom, and on which all internal revenue taxes, if applicable, have been paid; and, imported merchandise properly released from Customs' custody on which all applicable duties and taxes have been paid. (19 C.F.R. § 146.43).

B. Nonprivileged Foreign Merchandise—Foreign merchandise or non-tax-paid domestic merchandise upon which the duty and applicable taxes will be determined at the time the merchandise enters the Customs territory of the United States from the zone for consumption. (19 C.F.R. § 146.42).

SECTION I - DEFINITION OF TERMS

C. Privileged Foreign Merchandise—Foreign merchandise or non-tax-paid domestic merchandise upon which the duty and applicable taxes have been determined at the time this status is approved. The determined duty rate and taxes are not subject to future fluctuation. However, if merchandise is subject to antidumping or countervailing duties, and therefore placed in Privileged Foreign status, the merchandise will be entered under the HTSUS rate of duty in effect at the time of admission to the zone; however, the estimated AD/CVD rates are those in effect at the time of withdrawal from the zone. Merchandise subject to antidumping or countervailing duties, that must be placed in privileged foreign status pursuant to Section 400.33(b)(2), Foreign-Trade Zones Board Regulations, may be exported duty free except to North American Free Trade Agreement countries. Once established, Privileged Foreign status cannot be changed. If merchandise has already been admitted to a zone with Nonprivileged Foreign status, Privileged Foreign status may be obtained by filing a CBPF 214 and related documents. Application for this status, however, must be filed prior to manipulation or manufacture in the zone. (19 C.F.R. § 146.41).

D. Zone-Restricted Merchandise—Merchandise admitted to a zone for the sole purpose of exportation or destruction. Merchandise with Zone-Restricted Status may not enter U.S. Customs territory for consumption except when approved by the Foreign-Trade Zones Board. No manufacturing or processing may occur with merchandise that is in Zone Restricted Status. Drawback may be filed immediately upon merchandise admission. (19 C.F.R. § 146.44).

Storage—The keeping of merchandise in or upon the premises within the Foreign-Trade Zone. Covered storage means keeping within a covered and enclosed structure affording weather protection. The term "storage", without other designation, ordinarily implies covered storage.

Subzone—A special purpose zone established as part of a zone project for a limited purpose that cannot be accommodated within an existing zone. Foreign merchandise may be admitted to the area without the payment of U.S. Customs duties and taxes or the imposition of U.S. quotas; domestic merchandise is allowed in the area. No U.S. Customs duties, taxes, or quotas apply if the merchandise is exported; U.S. Customs duties, taxes and quotas are applicable if the merchandise is imported into U.S. Customs territory either on the basis of the imported materials or the finished product depending on the zone status designation.

Sunset Provision—Magnet sites have a rolling five (5) year sunset provision during which at least a portion of the magnet site must be activated, while a usage-driven site must demonstrate actual zone activity within three (3) years or lose zone status.

Temporary Deposit—Merchandise admitted to a foreign-trade zone under 146.35, C.R. when information or documentation is insufficient in order to complete the CBPF 214.

SECTION I - DEFINITION OF TERMS

The documentation and time period restraints under this provision are avoided if the Admission Suspense Account procedures in 146.22(c), C.R. are followed. See Section I - Definition of Terms, Admission Suspense Account.

Transshipment Merchandise—Foreign merchandise which enters and leaves the United States through the same port, being transferred from one vessel to another directly or by way of a Foreign-Trade Zone or Customs Bonded Warehouse. The term is particularly applied to such merchandise transferred through a Foreign-Trade Zone.

Unit of Quantity—Means the customary grouping of a commodity as a unit to indicate the medium or method of measure.

United States—The fifty States, the District of Columbia, and Puerto Rico that constitute the Customs territory of the U.S. The term "United States" includes all territories and possessions of the United States, except the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, and the Island of Guam, which are not considered part of U.S. Customs territory.

Usage-Driven Site means sites designated to meet a specific operator/user's present need for FTZ designation; usage-driven sites cannot be used by another entity.

Warehouse—A covered and enclosed structure, affording weather protection, used primarily for short or long term storage of merchandise, and often containing business offices. In a Foreign-Trade Zone it also is used for manipulation, manufacture, and exhibition of merchandise.

Weight—Means the gross weight of the merchandise including all containers, except as noted to the contrary.

Zone Admission Number—The control number or sequential number on the CBPF 214 in block #6. The Zone Operator sets the number structure.

Zone Operator—The foreign-trade zone may be managed by the Grantee, a firm that oversees one or multiple zone users, or each firm may be its own foreign-trade Zone Operator. For the purposes of this Schedule, the term Zone Operator shall apply to both general-purpose zones and subzones. The zone or subzone may be an organization, corporation, partnership, or person that operates under the terms of an agreement with the Zone Grantee. There may also be multiple Zone Operators operating under the terms of agreement with the Zone Grantee.

Zone User—A person or firm using a zone for storage, handling or processing of merchandise. The Zone Operator may authorize a Zone User to maintain its individual inventory control and recordkeeping systems and procedures manual; however, the Zone Operator will remain responsible to Customs and liable under its bond for supervision,

SECTION I - DEFINITION OF TERMS

defects in, or failures of the systems unless the Zone User posts its own FTZ Operator's Bond and becomes a Zone Operator.

Zone Year—Each Zone Operator may choose its own zone year. September 30 is the year-end for Foreign-Trade Zones Board Annual Report purposes.

SECTION II - OVERVIEW OF FOREIGN-TRADE ZONES

Foreign-trade zones (zones) are restricted-access sites in or near ports of entry, which are licensed by the Foreign-Trade Zones Board and operated under the supervision of U.S. Customs (see, 19 C.F.R. Part 146). Authority for establishing these facilities is granted to qualified corporations. Applications submitted to the Foreign-Trade Zones Board for grants of authority must show the need for zone services and a workable plan that includes suitable facilities and financing.

Zones are operated under public utility principles. Zone Grantees usually contract with private firms to operate facilities and provide services to zone users. Zones have as their public policy objective the creation and maintenance of employment through the encouragement of operations in the United States that, for Customs reasons, might otherwise have been carried on abroad. The objective is furthered particularly when zones assist exporters and re-exporters, and usually when goods arrive from abroad in an unfinished condition for processing here rather than overseas.

Foreign and domestic merchandise may be moved into zones for operations not otherwise prohibited by law involving storage, exhibition, assembly, manufacture or other processing. The usual formal Customs entry procedure and payment of duties is not required on the foreign merchandise unless and until it enters Customs territory for domestic consumption, in which case the importer ordinarily has a choice of paying duties either on the original foreign material or the finished product. Quota restrictions do not normally apply to foreign goods stored in zones, but the Foreign-Trade Zones Board can limit or deny zone use in specific cases on public interest grounds. Domestic goods moved into a zone for export may be considered exported upon entering the zone for purposes of excise tax rebates and drawback. "Subzones" are a special-purpose type of ancillary zone authorized by the Foreign-Trade Zones Board, through grantees of public zones, for operations by individual firms that cannot be accommodated within an existing zone when it can be demonstrated that the activity will result in a significant public benefit and is in the public interest. Foreign merchandise and domestic merchandise for export in a zone are exempt from state and local ad valorem taxes. (15 C.F.R. § 400.1(c)).

More detailed information is contained in the Foreign-Trade Zones Act - 19 U.S.C. 81a-u; Foreign-Trade Zones Board Regulations - 15 C.F.R. Part 400; and U.S. Customs Regulations - 19 C.F.R. Part 146.

SECTION III - APPLICATION OF RULES, REGULATIONS AND RATES

Section III.0 – Application and Interpretation of Foreign-Trade Zone No. 244, Zone Schedule

The rules, regulations and rates of this Zone Schedule shall apply at Foreign-Trade Zone No. 244, its subzones and annexes unless otherwise provided for. The Zone Grantee/Operator, shall be the sole judge to interpret and determine the applicability of any of the rates, regulations or services provided for in this Zone Schedule. However, any matter involving interpretation or action by U.S. Customs or other agency of the U.S. Government will be determined by the Port Director of Customs, with the concurrence of the Foreign-Trade Zones Board. Where applicable, the Foreign-Trade Zones Board and U.S. Customs Regulations shall prevail should any conflict arise with this schedule.

Section III.1 – Regulations - Foreign-Trade Zones Board

Foreign-Trade Zone No. 244 is regulated by the Foreign-Trade Zones Board, Washington, D.C., special regulations as defined in the U.S. Code of Federal Regulations, Title 15, Chapter IV, Part 400-Regulations of the Foreign-Trade Zones Board. Copies of these regulations are attached for reference.

Section III.2 – Regulations - U.S. Customs and Border Protection

Foreign-Trade Zone No. 244 is subject to special U.S. Customs regulations as defined in U.S. Code of Federal Regulations, Title 19, Chapter I, Part 146-Foreign-Trade Zones. Copies of these regulations are attached for reference.

Section III.3 – Public Utility Status

Pursuant to Foreign-Trade Zones Board Regulation, the zone must be operated as a public utility. All rates and charges for all services or privileges within the zone shall be fair and reasonable, and the Zone Grantee and Zone Operator(s) shall afford to all who may apply for the use of the zone and its facilities and appurtenances uniform treatment under like conditions, subject to such treaties or commercial conventions as are now in force or may hereafter be made from time to time by the United States with foreign governments. (15 C.F.R. § 400.2(g)). The General-Purpose Zone contains buildings available for sale or lease, and open land suitable for construction, to ensure that the reasonable zone needs of the business community are being met. The buildings are equipped to provide storage, manipulation, manufacturing, and other office space for individual companies to act as their own Operator within their own facility. Additionally, there are buildings available, or land available for construction, that would accommodate a third party provider public warehouse building or buildings, making zone services available to those companies who did not wish to lease or purchase their own building, or physically handle their own merchandise while within the foreign-trade zone site. In this manner, the Grantee provides the community the opportunity for a wide range of firms to be accommodated under public utility principles.

SECTION III - APPLICATION OF RULES, REGULATIONS AND RATES

Section III.4 – Property Ownership

The March Foreign-Trade Zone may choose whether to seek to renew zone status at its discretion for any industrial park expansion property if it is not activated within five (5) years as stated in a March 4, 2009 memorandum from Mr. Andrew McGilvray, Executive Secretary of the Foreign-Trade Zones Board. Zone status is a “privilege,” not a “right,” which is provided to Grantees only in the Foreign-Trade Zone Act. Property owners are not specifically included, and the Foreign-Trade Zones Board does not have the legal right to grant them the privilege of zone status.

SECTION IV - SECURITY PROCEDURES

Section IV.0–Background Investigation

In order to permit U.S. Customs to complete the activation request, a background investigation on the qualifications, character and experience of key employees and principal officers who will be involved in the operation of the zone must be completed. A list of each individual, including full names, addresses, social security numbers, and dates and places of birth must be submitted to U.S. Customs in Los Angeles, California in order for them to perform this investigation. The Activation Application letter, besides the normal detailed requirements, must also include information on three or four “key” employees so that a background check can be made by Customs Los Angeles Immigration and Customs Enforcement (ICE) officials of the key employees at the facility. The Los Angeles Customs definition of “key employees” is all employees that have access to the inventory management system and can change inventory levels. Two fingerprint cards completed in ink and three (3) personal and three (3) business references must be submitted for each employee. The business references should not include other employees. Los Angeles Customs requires background information regarding the Company including a current Dunn and Bradstreet Report. U.S. Customs may consult with U.S. Immigration and Customs Enforcement (ICE) to complete the background checks. ICE officials will undertake a Company background investigation. (19 C.F.R. §146.6(c)).

Section IV.1–Employees and Persons Entering and Leaving Activated Portion of Zone

Persons desiring admittance to the zone shall make application to the Zone Operator and shall be bound by the Foreign-Trade Zones Board and U.S. Customs Regulations and the rules of the Zone Operator. A visitor’s log will be maintained by the Zone Operator and will contain the date, name, firm, person to be visited, and pass number for each visitor permitted to enter the zone.

Section IV.3–Physical Facilities

All merchandise stored in the zone will be stored in a safe and sanitary manner. Aisles will be established in storage areas and may be changed from time-to-time. All entrances shall be left unblocked. Trash and waste shall be promptly removed from the zone. All local, state, and federal health laws shall be observed to ensure protection of public safety. All procedures of U.S. Customs shall be followed. (19 C.F.R. § 146.6).

Section V.1–Boundary Modification

The Zone Grantee may submit to the Foreign-Trade Zones Board an Application to modify the boundary of an existing zone or subzone. This process involves the exchange, not an increase, of like acreage/square footage. The procedure is administrative at the Foreign-Trade Zones Board without a *Federal Register* notice. The Zone Grantee may, with the approval of the Foreign-Trade Zones Board, permit other persons, firms, or corporations to erect buildings and other structures within the zone as will meet their particular requirements. The Foreign-Trade Zones Board statute and regulations contain certain requirements. All security related construction should be in accordance with U.S. Customs requirements and the building activated by U.S. Customs prior to use. As part of the activation process with U.S. Customs in Los Angeles, a cargo-security survey or site visit will be conducted by U.S. Customs for each company that requests activation approval for its facility. For additional construction in a designated zone site, the Foreign-Trade Zones Board must be notified of all such construction in a general-purpose foreign-trade zone that was not approved in the original Application. Advanced notification is not necessary. Notification will occur with the Annual Report to the Board filed by March Joint Powers Authority. If manufacturing authority within a general-purpose zone is requested, notification will occur with a Request for Manufacturing/Processing Authority or a Temporary or Interim Manufacturing Authority (T/IM) Request approved by the Foreign-Trade Zones Board. In a foreign-trade subzone, or general-purpose zone operation with manufacturing authority, all such construction not approved in the original Application must be approved by an Application to the Foreign-Trade Zones Board in advance of any zone activity. No operation or process of treatment will be permitted in the zone that in the judgment of the Foreign-Trade Zones Board or the Zone Operator is detrimental to the public interest, health, or safety. (15 C.F.R. § 400.31). Normally, the Foreign-Trade Zones Board issues a Grant Restriction by means of a Board Order governing such activity. Grant Restrictions are restrictions or conditions placed in a Grant or other approval by the Foreign-Trade Zones Board that may limit the zone status allowed, the kind of operation or the merchandise in a zone, the entry of merchandise into the commerce, the life of the Grant, or the amount of acreage allowed to be activated. See also the definition of Restricted Merchandise/Operations.

Zone Grantee, Zone Operator, and any future Zone User agree not to represent to anyone that they are agents of one another or have any authority to act on behalf of one another except as set forth in any written agreements.

Section V.10–Lapse/Sunset Provision

The grant of authority for every general-purpose zone or subzone may lapse if it is not activated and in operation within five years of the initial Foreign-Trade Zones Board Order issued after November 7, 1991. Detailed provisions apply. If a portion of any zone site is not activated within five (5) years of the establishment of the zone site, Grantee has the right to transfer zone status to another parcel of land adjacent to the Customs Port of Entry. Contact the Zone Grantee for a complete explanation. (15 C.F.R. § 400.28(a)(5)). All zone operators in general-purpose zone sites are subject to sunset provisions. A usage-driven site operator must demonstrate zone activity within three (3) years or lose zone status. If an operator is located in a magnet site, the operator or another operator in the magnet site must activate a portion of the magnet site within five (5) years. The Foreign-Trade Zones Board defines manufacturing/processing as any change in HTS classification. The Foreign-Trade Zones Board must approve all manufacturing operations. This includes certain “kitting” operations where there may be a change in HTSUS classification. Any new manufacturing/processing operation beyond the scope approved in the Grant of Authority must be authorized by the Foreign-Trade Zones Board. See generally 15 C.F.R.

(a) Merchandise that is specifically and absolutely prohibited by law shall not be admitted into a zone. Any merchandise so prohibited by law that is found within a zone shall be disposed of in the manner provided for in the laws and regulations applicable to such merchandise. A distinction is made between (1) merchandise which is specifically and absolutely prohibited by law on the grounds of policy or morals, such as immoral or subversive literature, obscene articles, or lottery matter, and (2) merchandise which is subject to conditional prohibition only, for example, articles which are subject to permits or licenses for the protection of economic or national security or which may be reconditioned to bring them into compliance with the laws administered by various Federal agencies. Port Directors of Customs are required to exclude the first class of articles and may not permit them to be admitted to a zone if they are aware of their prohibited status, except that the Port Director may permit the temporary deposit of any such merchandise in the zone pending final determination of its status. The transfer of articles of the second class to a zone is subject to any requirements of the Federal agency concerned. See 19 C.F.R. § 146.31(a) and (b).

There is no prohibition against placing over-quota merchandise in a zone pending its right to transfer to Customs territory pursuant to the applicable quota provisions.

(15 C.F.R. § 400.24, 400.25). If the Zone Grantee decides to sponsor the proposed project, the Application must be prepared at the cost of the applicant.

Section V.16–Status of Merchandise in a Zone

For the purposes of the Act and the regulations relating to this Section, all merchandise within a zone, except merchandise in transit through a zone as provided in U.S. Customs Regulations, and except merchandise temporarily transferred to a zone for manipulation under Customs supervision pursuant to Section 562, Tariff Act of 1930, as amended, shall be given a zone status on a CBPF 214 document. Section VII.4–Customs Permit

Merchandise will not be delivered to or through Customs territory unless the delivery order is accompanied by: a CBPF 3461/7501 (entry for consumption); a CBPF 7512 (entry for transportation, immediate exportation, or transportation and exportation); or appropriate alternate procedures.

Section VII.5–Grantee Knowledge

The Zone Grantee is not obligated to, and does not intend to, monitor the day-to-day activity of the Foreign-Trade Zone. The Zone Grantee shall have no knowledge, actual or constructive, of the quantity, character, status designation, identification, or time of admission, transfer, or release of goods into or from the Foreign-Trade Zone.

Section VII.6–Handling of Merchandise

Zone Operator/User will be responsible for the receipt and verification of all merchandise admitted to the Zone on the proper Customs Forms and for handling of all merchandise having activity being performed under the proper Customs Forms. Section VII.8–Hazardous/Objectionable Commodities

The zone will not be required to accept for storage any commodity that will affect the rate of insurance on other merchandise in storage. Products will not be stored except in locations or areas that are not restricted in the acceptance of any commodity for storage under the insurance rate established on contents stored therein. The Grantee reserves the right to not allow certain merchandise to be stored, processed, or manufactured in the zone.

Section VII.9–Indemnification

Zone Operator/User will protect, indemnify and hold harmless Zone Grantee and its respective Boards, officers and employees from and against any and all actions, suits,

proceedings, claims, demands (including attorneys' fees and costs), whether insured or not, arising out of, or incident to, Zone Operator/Users obligations and operations hereunder. Zone Grantee/Zone Operator may require a bond at any time Zone Grantee/Zone Operator deems it necessary to adequately protect the parties indemnified hereby.

Section VII.10–Indemnity Bond

Zone Users shall be required, upon notice by the Zone Operator, to post an indemnity bond executed by a U.S. surety on a form and acceptable to the Zone Operator, or other security, payable to the Zone Operator as a guarantee of payment of Customs duty or taxes or other obligations of or to the Zone Operator to protect past, present, or future obligations or liabilities of the Zone Operator.

No merchandise will be permitted by Customs to be transferred from the zone for any purpose that is not properly labeled or carries any false or misleading label or mark. A CBPF 216 must be filed and approved by U.S. Customs prior to any repacking and labeling that may occur in the zone. A schedule of charges is included in appendix B of this Zone Schedule.

Section VII.12–Merchandise Processing (User) Fee

The current Customs Merchandise Processing (User) Fee of .21% ad valorem is applicable only to the value of foreign non-duty paid merchandise entered into the U.S. from a foreign-trade zone. In 1995, the North American Free Trade Agreement for Canadian NAFTA qualifying merchandise provides that the fee is zero, not .21% as for all other imports. For Mexican NAFTA qualifying merchandise, the fee was eliminated June 30, 1999. It is collected on a Customs entry CBPF 7501. Merchandise that is exported, scrapped, etc. from the zone is not subject to the Merchandise Processing Fee. The fee has a minimum of \$25 and is capped at \$485 per entry.
