

## **IMPORTANT INFORMATION ABOUT ZONE SCHEDULES**

This zone schedule is being made available pursuant to 15 CFR 400.44(e), which states: “The Board shall make copies of zone schedules available on its Web site.”

Availability of this zone schedule on the FTZ Board’s website does not imply that the FTZ Board has approved any rate/charge, policy or other content of this zone schedule. In particular, while the FTZ Board staff intends to conduct spot checks over time, zone schedules are not reviewed for compliance with the public utility requirement (19 U.S.C. 81n, 15 CFR 400.42) prior to making the zone schedules available via the Board’s website.

Pursuant to 15 CFR 400.44(b)(4), a grantee may not assess any specific rate or charge for which the amount – or formula for calculating the amount – does not appear in the zone schedule that the grantee has submitted to the FTZ Board.

Complaints about a grantee’s compliance with statutory and regulatory requirements related to public utility and uniform treatment – including rate or charge amounts/formulas, a grantee assessing a rate or charge amount/formula that does not appear in its zone schedule, and a grantee not affording uniform treatment under like conditions – may be presented to the FTZ Board under 15 CFR 400.45 (which also allows for complaints to be made on a confidential basis, if necessary).

Questions or concerns may be addressed to the FTZ Board staff at (202) 482-2862 or [ftz@trade.gov](mailto:ftz@trade.gov).

In addition to the general-purpose zone, there are thirteen approved usage driven and subzone sites included in FTZ #122.

**Section 1.2 – Copies of Zone Schedule**

Copies of this Zone Schedule are on file with the Foreign-Trade Zones Board, Washington, D.C. and are available at the general offices of Foreign-Trade Zone #122 upon request.

More detailed guidance on U.S. Customs issues may be found in U.S. Customs FTZ Manual. A copy is maintained for review by the Foreign-Trade Zone Grantee.

## **SECTION 2 - APPLICATION OF RULES, REGULATIONS AND RATES**

### **Section 2.0 – Application and Interpretation of Foreign-Trade Zone #122, Zone Schedule**

The rules, regulations and rates of this Zone Schedule shall apply at Foreign-Trade Zone #122, its subzones, magnet sites, usage-driven sites, and annexes unless otherwise provided for. The Zone Grantee/Operator, shall be the sole judge to interpret and determine the applicability of any of the rates, regulations or services provided for in this Zone Schedule. However, any matter involving interpretation or action by U.S. Customs or other agency of the U.S. Government will be determined by the Port Director of Customs, with the concurrence of the Foreign-Trade Zones Board. Where applicable, the Foreign-Trade Zones Board and U.S. Customs Regulations shall prevail should any conflict arise with this schedule.

### **Section 2.1 – Regulations - Foreign-Trade Zones Board**

Foreign-Trade Zone #122 is regulated by the Foreign-Trade Zones Board, Washington, D.C., special regulations as defined in the U.S. Code of Federal Regulations, Title 15, Chapter IV, Part 400-Regulations of the Foreign-Trade Zones Board. Copies of these regulations can be accessed through the Foreign-Trade Zones Board website.

### **Section 2.2 – Regulations - U.S. Customs and Border Protection**

Foreign-Trade Zone #122 is subject to special U.S. Customs regulations as defined in U.S. Code of Federal Regulations, Title 19, Chapter I, Part 146-Foreign-Trade Zones. Copies of these regulations can be accessed through the Customs & Border Protection website.

### **Section 2.3 – Public Utility Standards**

Pursuant to Foreign-Trade Zones Board Regulation, the zone must be operated as a public utility. All rates and charges for all services or privileges within the zone shall be fair and reasonable, and the Zone Grantee, and Zone Operator(s) shall afford to all who may apply for the use of the zone and its facilities and appurtenances uniform treatment under like conditions, subject to such treaties or commercial conventions as are now in force or may hereafter be made from time to time by the United States with foreign governments regardless of whether a zone participant has procured any zone related product or engaged a particular service provider. (15 C.F.R. § 400.43). The Magnet Site contains buildings available for sale or lease, and open land suitable for construction, to ensure that the reasonable zone needs of the business community are being met. The buildings are equipped to provide storage, manipulation, manufacturing, and other office space for individual companies to act as their own Operator within their own facility. Additionally, there are buildings available, or land available for construction, that could accommodate a third party provider of public warehouse space,

making zone services available to those companies who did not wish to lease or purchase their own building, or physically handle their own merchandise while within the foreign-trade zone site. In this manner, the Grantee provides the community the opportunity for a wide range of firms to be accommodated under public utility principles.

#### **Section 2.4 - Uniform Treatment Standard**

Any company that prepares an application to be filed with the Foreign-Trade Zones Board shall be sponsored by this Grantee organization. Such sponsorship shall not be unreasonably withheld unless that company: is in a business that may be harmful to other domestic companies; is in a business that may be harmful to the local community or would violate local codes; or is determined by the Port of Corpus Christi Authority to not be in the general public interest or in the interest of the Authority.

#### **Section 2.5 – Property Ownership**

The Port of Corpus Christi Authority may at its discretion seek to renew zone status for a property if it is not activated before the Foreign-Trade Zones Board designated sunset date. Zone status is a “privilege,” not a “right,” which is provided to Grantees in the Foreign-Trade Zone Act. Property owners are not specifically included, and the Foreign-Trade Zones Board does not have the legal right to grant them the privilege of zone status.

## **SECTION 3 - GRANTEE RESPONSIBILITIES**

### **Section 3.0 – Applications**

The Grantee shall have the sole authority to file applications and requests with the FTZ Board requesting modifications to Grants of Authority. Requests to modify a Grant may include expansions, boundary modifications, usage-driven site and subzone applications and/or changes in scope of authority.

Before such applications are filed, the Grantee shall require the applicant to prepare the necessary paperwork as required by the FTZ Board for such requests.

### **Section 3.1 – Activations**

The Grantee shall assist the Zone Operator with the activation process with U.S. Customs and Border Protection. Such assistance shall include the writing and submission of a Letter of Concurrence for all activation requests filed with U.S. Customs. (19 C.F.R. § 146.6).

### **Section 3.2 – Annual Report**

The Grantee shall request Online FTZ Information System (OFIS) Operator identification and passwords for all Zone Operators from the FTZ Board. Grantee shall review all annual report data submitted by Zone Operators and ensure the timely submission of the Annual Report. (15 C.F.R. § 400.51(c)(1)).

### **Section 3.3 – Zone Schedule**

The Grantee shall maintain a complete and current Zone Schedule, which will include the rules, rates and charges for the zone project. The Grantee will submit an electronic and hard copy of the Zone Schedule and any amendments to the Zone Schedule to the Executive Secretary of the FTZ Board. Copies of the current Zone Schedule, as well as the Zone Schedules for all Zone Operators offering services to the public, will be maintained at the Grantee's offices. (15 C.F.R. § 400.44).

### **Section 3.4 – Zone Records & Reports**

The Grantee shall maintain complete records of the Zone Project, including but not limited to all applications to the FTZ Board, a map of the Service Area, activated space, lapse information, site descriptions, maps and layouts of approved sites, agreements, Board Orders and Administrative Actions. (15 C.F.R. § 400.51).

### **Section 3.5 – Bimonthly Coordination Meetings**

The Grantee shall arrange meetings every two months with U.S. Customs and Zone Operators/Users to discuss policies and operations issues.

**Section 3.6 – Marketing**

The Grantee shall market the Zone Project within the Service Area.

## **SECTION 4 - SECURITY PROCEDURES**

### **Section 4.0–Background Investigation**

In order to permit U.S. Customs to complete the activation request, a background investigation on the qualifications, character and experience of key employees and principal officers who will be involved in the operation of the zone must be completed. A list of each individual, including full names, addresses, social security numbers, and dates and places of birth or a completed CBPF 3078 must be submitted to U.S. Customs in Corpus Christi, Texas in order for them to perform this investigation. (19 C.F.R. §146.6(c)). U.S. Customs may consult with U.S. Immigration and Customs Enforcement (ICE) to complete the background checks.

### **Section 4.1–Employees and Persons Entering and Leaving Activated Portion of Zone**

Persons desiring admittance to the zone shall make application to the Zone Operator and shall be bound by the Foreign-Trade Zones Board and U.S. Customs Regulations and the rules of the Zone Operator. All persons having business in the zone will enter and leave at the prescribed pedestrian entrances and be subject to examination as deemed necessary for the protection of the Customs revenue.

### **Section 4.2–Identification of Employees Within Activated Portion of Zone**

Every employee on duty within the zone and in connection with the operation of the zone shall be required, while within the zone, to wear appropriate identification badges to be provided by the Zone Operator of the zone or individual Users of the zone. Adequate security will be maintained for unissued badges. All persons having business within the zone, but not possessing appropriate zone-issued badges, passes, or other approval to enter the zone, shall apply for the appropriate approval and entry identification at the Zone Operator's office. A visitor's log will be maintained by the Zone Operator and will contain the date, name, firm, person to be visited, and pass number for each visitor permitted to enter the zone.

### **Section 4.3–Physical Facilities**

All merchandise stored in the zone will be stored in a safe and sanitary manner. Aisles will be established in storage areas which may be changed from time-to-time. All entrances shall be left unblocked. Trash and waste shall be promptly removed from the zone. All local, state, and federal health laws shall be observed to ensure protection of public safety. (19 C.F.R. § 146.4 (f)).

## **SECTION 5 - OPERATION OF ZONE**

### **Section 5.0–Activation**

Pursuant to regulations of the U.S. Customs, all or any portion of the zone approved by the Foreign-Trade Zones Board may be approved by the Zone Grantee and the Port Director of Customs for foreign-trade zone operations and for the admission, handling, and shipment for import or export of merchandise in zone status. All procedures of U.S. Customs shall be followed. (19 C.F.R. § 146.6).

### **Section 5.1–Boundary Modification**

The Zone Grantee may submit to the Foreign-Trade Zones Board an Application to modify the boundary of an existing magnet site, usage-driven site or subzone or to add a new site under the ASF. Depending upon the scope of the change, the procedure may be determined by the Foreign-Trade Zones Board to be a Major Modification or a Minor Modification (15 C.F.R. § 400.24).

### **Section 5.2–Construction of Buildings and Facilities Within a Zone**

The Zone Grantee may, with the approval of the Foreign-Trade Zones Board, permit other persons, firms, or corporations to erect buildings and other structures within the zone as will meet their particular requirements. All security related construction should be in accordance with U.S. Customs requirements and the building activated by U.S. Customs prior to use. As part of the activation process with U.S. Customs in Corpus Christi, a cargo-security survey or site visit will be conducted by U.S. Customs for each company that requests activation approval for its facility. For additional construction in a designated zone site, the Foreign-Trade Zones Board must be notified of all such construction in a magnet site that was not approved in the original Application. Advanced notification of the construction is not necessary; notification will occur with the Annual Report to the Board filed by the Port of Corpus Christi Authority. If production authority within a magnet site is requested, construction notification will occur with a Production Notification Application approved by the Foreign-Trade Zones Board. In a foreign-trade subzone, usage-driven site or magnet site operation with production authority, all such construction not approved in the original Application must be approved by an Application to the Foreign-Trade Zones Board in advance of any zone activity. (19 U.S.C. §81m)(15 C.F.R. § 400.13(a)(2)).

### **Section 5.3– Zone Site Suspension**

A Zone Operator may file a request with the Customs Port Director to suspend activity within the Zone site when no foreign non-duty paid merchandise passes through the facility, the Zone Operator shall notify the Grantee of any suspended space. During a period of suspension the Zone site shall remain activated, the Operator-Grantee Agreement and the annual fees shall remain in effect.

#### **Section 5.4-- Zone Site Deactivation**

A Zone Operator may file a request with the Customs Port Director to deactivate all or a portion of an existing activated zone or subzone and shall cease to admit merchandise into the zone site in zone status. Final action and disposition of the merchandise must be made with the concurrence of the Customs Port Director. The Zone Operator must notify the Grantee of any deactivated space.

#### **Section 5.5--Disposition of Merchandise in a Zone**

In general, merchandise lawfully admitted to a zone may, in accordance with these and other regulations made under the provisions of the Act be sent into Customs territory of the United States, destroyed or exported. (19 C.F.R. § 146.71).

#### **Section 5.6--Exclusion from Zone of Goods or Process of Treatment/Grant Restrictions**

When it shall be reported to the Foreign-Trade Zones Board that any goods or process of treatment is detrimental to the public interest, health, or safety, the Foreign-Trade Zones Board shall cause such investigation to be made, as it may deem necessary. No operation or process of treatment will be permitted in the zone that in the judgment of the Foreign-Trade Zones Board or the Zone Operator is detrimental to the public interest, health, or safety. (15 C.F.R. § 400.13 (b)). Normally, the Foreign-Trade Zones Board issues a Grant Restriction by means of a Board Order governing such activity. Grant Restrictions are restrictions or conditions placed in a Grant or other approval by the Foreign-Trade Zones Board that may limit the zone status allowed, the kind of operation or the merchandise in a zone, the entry of merchandise into the commerce, the life of the Grant, or the amount of acreage allowed to be activated. See also the definition of Restricted Merchandise/Operations.

#### **Section 5.7--Forms, Procedures and Operations in a Zone**

The merchandise and operations permitted in a zone, the disposition of merchandise in a zone, the zone status of the merchandise and special provisions applicable to each status, compliance with requirements of other Federal Agencies, the subsequent importation of merchandise, the exportation of merchandise from a zone, and other operations in a zone authorized by the Act are all controlled by U.S. Customs Forms or forms of other Federal Agencies.

#### **Section 5.8--Grant Sale/Conveyance, Transfer, Assignment, Etc.**

The Foreign-Trade Zone Grant of Authority may not be sold, conveyed, transferred, set over, or assigned (FTZ Act, Section 17; 19 U.S.C. 81q). (15 C.F.R. § 400.13(a)(7)). Application may be made to the Foreign-Trade Zones Board to reissue a Grant under certain conditions.

### **Section 5.9–Hours of Business and Service**

FTZ 122 Grantee offices are open for business: Monday-Friday, 8am – 5pm.

Grantee-Operator hours of business and service: Monday-Friday, 8am-5pm.

### **Section 5.10–Independent Contractor Status**

Zone Grantee, Zone Administrator, Zone Operator, and any future Zone User are not and shall not be considered as joint venturers, partners, or agents of each other, and none shall have the power to bind or obligate the other except as set forth in any written agreements. Zone Grantee, Zone Operator, and any future Zone User agree not to represent to anyone that they are agents of one another or have any authority to act on behalf of one another except as set forth in any written agreements.

### **Section 5.11–Lapse/Sunset Provision**

All zone operators in magnet sites are subject to sunset provisions except for Site 1. If an operator is located in a magnet site, the operator or another operator in the magnet site must activate a portion of the magnet site within five (5) years or the site will sunset.

A usage-driven site operator or subzone operator must demonstrate zone activity within three (3) years or lose zone status. Failure to meet the sunset provisions will result in automatic deletion of zone status. The Port of Corpus Christi Authority as Grantee will not be held liable for any difficulties this may create for an operator. Contact the Grantee for a complete explanation. (15 C.F.R. § 400.13(a)(4)).

### **Section 5.12–Manipulation, Manufacture, Exhibition of Merchandise**

In general, merchandise lawfully brought into a zone may, in accordance with these and other regulations made under the provisions of the Act, be stored, sold, exhibited, broken up, repacked, assembled, distributed, sorted, graded, cleaned, mixed with foreign and domestic merchandise, or otherwise manipulated or be manufactured.

- A. Permission for any manipulation, manufacture, destruction, or exhibition in a zone shall be obtained from the Port Director of Customs subject to such application and procedure prescribed by the Secretary of the Treasury for the protection of the revenue by means of a CBPF 216.
- B. For production (manufacturing/processing), a second request must be made in advance to the Foreign-Trade Zones Board for production operations. The Foreign-Trade Zones Board defines production as any change in HTSUS classification. The Foreign-Trade Zones Board must approve all production operations. This includes certain “kitting” operations where there may be a

change in HTSUS classification. Any new production operation beyond the scope approved in the Grant of Authority must be authorized by the Foreign-Trade Zones Board. See generally 15 C.F.R. 400.14(a). The Foreign-Trade Zones Board must be notified if sourcing changes occur with an approved production activity involving new foreign materials subject to quotas or inverted duty benefits (15 C.F.R. §400.14(a)). For time-sensitive production activities utilizing components that are not subject to AD/CVD orders, the Foreign-Trade Zones Board may approve temporary or Interim Production Authority if U.S. Customs in Corpus Christi will issue a concurrence letter stating the Company is ready to activate or begin the new production activity (15 C.F.R. §400.37 (d)). Zone Operator/User shall promptly notify the Zone Grantee of any activity requiring Foreign-Trade Zones Board notice and authorization.

- C. In the event of the denial of any application by the Port Director for any reason, the applicant, the Zone Grantee, Zone Administrator, or the Zone Operator of the zone may appeal the adverse ruling. If any revenue protection considerations are involved in such an application, the Foreign-Trade Zones Board shall be guided by the determinations of the Secretary of the Treasury.

### **Section 5.13—Merchandise Permitted in a Zone**

Foreign and domestic merchandise of every description, except such as is prohibited by law, may without being subject to Customs laws of the United States, except as otherwise provided in the Foreign Trade Zones Act and the regulations made thereunder, be admitted into a zone.

- A. Merchandise that is specifically and absolutely prohibited by law shall not be admitted into a zone. Any merchandise so prohibited by law that is found within a zone shall be disposed of in the manner provided for in the laws and regulations applicable to such merchandise. A distinction is made between
1. merchandise which is specifically and absolutely prohibited by law on the grounds of policy or morals, such as immoral or subversive literature, obscene articles, or lottery matter, and
  2. merchandise which is subject to conditional prohibition only, for example, articles which are subject to permits or licenses for the protection of economic or national security or which may be reconditioned to bring them into compliance with the laws administered by various Federal agencies. Port Directors of Customs are required to exclude the first class of articles and may not permit them to be admitted to a zone if they are aware of their prohibited status, except that the Port Director may permit the temporary deposit of any such merchandise in the zone pending final

determination of its status. The transfer of articles of the second class to a zone is subject to any requirements of the Federal agency concerned. See 19 C.F.R. § 146.31(a) and (b).

There is no prohibition against placing over-quota merchandise in a zone pending its right to transfer to Customs territory pursuant to the applicable quota provisions.

- B. The application for the admission of merchandise into a zone shall be approved or disapproved by the Port Director of Customs as the representative of the Foreign-Trade Zones Board on a CBPF 214.
- C. For definitions of Prohibited and Restricted Merchandise, see Appendix A.

#### **Section 5.14–Retail Trade Within Zone**

No retail trade shall be conducted within a zone except under permits issued by the Foreign-Trade Zones Board. Duty paid and domestic merchandise may be sold in a foreign-trade zone under certain circumstances. Contact the Zone Grantee or Zone Administrator for more detailed information.

#### **Section 5.15–Scope of Authority**

Foreign-Trade Zone #122 is authorized by Foreign-Trade Zone Board Order Nos. 310, 545, 764 and 1907 to undertake the activities set out therein. The Foreign-Trade Zones Board must authorize all production activity that results in a change in the imported material's Harmonized Tariff Schedule of the United States classification. This includes "kitting" operations where finished products are packaged together for sale. Any change in imported materials and finished products for such activity must also be authorized to only undertake those activities approved by the Foreign-Trade Zones Board. Zone Operator/User shall promptly notify the Zone Grantee of any activity requiring Foreign-Trade Zones Board notice and authorization.

#### **Section 5.16–Sponsor of New Zone or Subzone**

The Zone Grantee may, in its sole discretion, decide to sponsor a new Magnet Site, Usage-Driven Site or subzone and its Application to the Foreign-Trade Zones Board. In order to make its determination, the interested party must submit, in letter form to the Grantee, sufficient data in summary form as required in an Application to the Foreign-Trade Zones Board. (15 C.F.R. § 400.14(a), 400.22, 400.24, 400.25, 400.37). If the Zone Grantee decides to sponsor the proposed project, the Application must be prepared at the cost of the applicant.

### **Section 5.17–Status of Merchandise in a Zone**

For the purposes of the Act and the regulations relating to this Section, all merchandise within a zone, except merchandise in transit through a zone as provided in U.S. Customs Regulations, and except merchandise temporarily transferred to a zone for manipulation under Customs supervision pursuant to Section 562, Tariff Act of 1930, as amended, shall be given a zone status on a CBPF 214 document. Any changes to the zone status must be made on a CBPF 214 and approved by the U.S. Customs. For definitions see Appendix A.

### **Section 5.18–Subsequent Importation of Zone Merchandise**

Articles produced in a zone and exported from there shall, on subsequent importation into the Customs territory of the United States, be subject to the import laws applicable to like articles produced in a foreign country, except that articles produced or manufactured in a zone exclusively with the use of domestic merchandise, the identity of which has been maintained in accordance with the Second Proviso of Section 3 of the Act, as amended, may, on such importation, be entered as American goods returned. (19 C.F.R. § 146.67(e)). Contact the Zone Grantee for more detailed information on this topic.

### **Section 5.19–Termination-Accrued Obligations/Survival**

All Zone Operator/Users will specifically acknowledge and agree that, upon termination or expiration of tenancy in the foreign-trade zone for any reason whatsoever, Zone Operator/User shall not be released or relieved from fulfilling any and all of its obligations or duties which arose or accrued during the term of its zone usage, and Zone Operator/Users will specifically represent and warrant to Zone Grantee and Zone Administrator that upon termination or expiration of its zone usage for any reason whatsoever, Zone Operator/User shall completely perform and fulfill any and all of its obligations or duties which arose or accrued during the term of its zone use including the immediate preparation and filing of all necessary reports with the Grantee and the U.S. Customs. Specifically, the Zone Operator/User's indemnity obligations, bond obligations, and record and record retention obligations shall survive the termination or expiration of any Agreement and/or zone activity for any such reason. Zone Grantee may require the tender of all such records for safekeeping.

### **Section 5.20–Termination-Bankruptcy**

**Harmonized Tariff Schedule of the U.S. (HTSUS) Number**—The ten-digit number used to identify all imported and exported merchandise. The complete text is available from the U.S. International Trade Commission, Publication 4053.

**Interim Production Approval**- Under certain circumstances, existing zone sites and subzones may secure interim production approval from the Foreign-Trade Zones Board, with Customs concurrence. This does not require the entire four (4) months that a normal Production Notification Application requires. However, the Customs letter must indicate that the Operator is activated or could be activated in less than 120 days.

**In-Transit Merchandise**—The term "in-transit merchandise" includes all foreign merchandise transported into and out of the United States, whether in and out of the same port or across the country to another port, with or without transshipment, warehousing, breaking bulk, or change in mode of transportation, which originated in one foreign country and is destined at the time of the original shipment to another foreign country. Its distinctive feature is that it is being transported, from one foreign country through the United States to another foreign country, under a through bill of lading or other documentation for a completed journey.

### **Inventory Records—**

**A. Zone Lot Number (ZLN)**—A number assigned to the unit or units of goods (zone lot) for which a separate record and account is to be kept by the Zone Operator or Zone User. The merchandise must be physically segregated and marked by lot at all times. (19 C.F.R. 146.37(a)(1) and (d)).

**B. Unique Identifier Number (UIN)**—Numbers, letters, or combination of both (alphanumeric) that identifies merchandise admitted to a zone. It is fungible material typically identified by a part number, model number, style number, SKU, etc. This number may be used for control and accounting of the goods. FIFO (First In, First Out) and FOFI (Foreign First) inventory relief methods have been authorized by the U.S. Customs. (19 C.F.R. 146.37(a)(2) and (d)). Generally, a FIFO system is used for UIN activity.

**Lease**—The document of agreement entered into between the owner or lessor of the property and the lessee for use of space within the Foreign-Trade Zone.

**Magnet Site** means sites intended to attract multiple potential FTZ operators/users.

**Manipulation**—Means breaking up, repacking, assembling, distributing, sorting, grading, cleaning, mixing with foreign or domestic merchandise, or other processing which does not constitute a manufacture.

**Manufacturing**—This is the old term used by the Foreign-Trade Zones Board for activity involving the substantial transformation of a foreign article resulting in a new and different article having a different name, character, use, and HTS classification. It is now referred to as production. Authority for such activity in a zone must be secured from the Foreign-Trade Zones Board and authorized on a CBPF 216 by the U.S. Customs.

**Merchandise**—Merchandise includes goods, wares and chattels of every description except prohibited merchandise. (Building materials, production equipment, and supplies for use in operation of a zone may not be considered "merchandise.")

**North American Free Trade Agreement (NAFTA) Duty Deferral Program**—The NAFTA Duty Deferral Program is currently in effect for trade between the United States and Canada/Mexico. Under this Program, all foreign sourced, non-NAFTA-qualified merchandise used in manufacturing in a foreign-trade zone, whether or not the finished product is NAFTA-qualified, when exported to Canada/Mexico must be the subject of a special NAFTA "08" code Customs entry and be subject to U.S. Customs duties, applicable antidumping/countervailing duties, and merchandise processing fees.

**OFIS**- This is the Online FTZ Information System that includes information on each zone. It can be accessed through the FTZ Board web site. All annual reports are now filed electronically through OFIS.

**Port Director, U.S. Customs**—The Port Director of U.S. Customs located in Corpus Christi, Texas, or his representative.

**Production**- This means traditional manufacturing activity and "kitting" activity where there is activity involving the substantial transformation of a foreign article resulting in a new and different article having a different name, character, use, and HTS

classification. This includes “kitting” operations. The Foreign-Trade Zones Board uses this term to cover both manufacturing and processing activity.

**Prohibited Merchandise**—Merchandise, the importation of which is prohibited by law on grounds of public policy or morals, or any merchandise that is excluded from a zone by order of the Foreign-Trade Zones Board. Books urging treason or insurrection against the U.S., obscene pictures, and lottery tickets are examples of prohibited merchandise. Also, certain types of operations involving the following merchandise are prohibited: Tobacco, cigars, cigarettes and cigarette papers and tubes (26 U.S.C. 5701-5706); Firearms (26 U.S.C. 4181-4182/5811); Distilled spirits, alcohol, wine and beer (26 U.S.C. 5001-5008/5010); Sugar (26 U.S.C. 4501-4503); Watch movements (19 U.S.C. 1367-1368); and retail sales in a zone (19 U.S.C. 81 (o)(d) & CR 146.14).

**Quantity**—Means the numerical count of the units composing a shipment of merchandise.

**Quota**—Means a set limit of a given item that may be imported during a set period of time (normally one year). Tariff rate quota only limits the quantity that may be imported at the lower rate; imports above the quota quantity would be at a higher rate of duty.

**Re-Exports or Reshipments**—Merchandise from one foreign country initially destined to the United States that, after being unladen, stored, and/or manipulated or manufactured in this country, is transported under a new bill of lading or other new documentation to another foreign country. Generally, it includes all merchandise of foreign origin which has not been so manipulated or manufactured as to be deemed a product of the United States, and which has not been released from Customs custody into Customs territory.

**Regulations**—All operations within the foreign-trade zone are subject to the Foreign-Trade Zones Board Regulations, 15 C.F.R. Part 400; and U.S. Customs Regulations, 19 C.F.R. Part 146. Imports and exports may also be governed by the Regulations or Guidelines of other Federal Agencies. All products to be admitted to a foreign-trade zone must be reviewed for potential compliance issues.

**Restricted Merchandise/Operations**—Merchandise which may not be authorized for delivery from Customs custody without a special permit, or a waiver thereof, by an agency of the U.S. Government. Contact the Zone Operator for a list of Restricted Merchandise. Also, the Foreign-Trade Zones Board and U.S. Customs have restricted certain operations in the past involving the following products: steel, apparel/textiles, television tubes, auto parts, milk, and sugar, orange juice, printers ink, alcohol/gasohol, oil refining, tires, chain saws, silicon metals, and golf carts. The restrictions may vary on a case-by-case basis.

**Sequential Number**—The control number or the zone admission number on the CBPF 214 in block #6. The Zone Operator sets the number structure. It is not the zone lot number or the UIN.

**Service Area** means the area including Nueces, San Patricio, Aransas, Jim Wells, Kleberg and Bee Counties, where usage-driven or magnet sites can be established under ASF rules.

### **Status of Merchandise—**

**A. Domestic Merchandise**—Merchandise produced in the U.S., not exported therefrom, and on which all internal revenue taxes, if applicable, have been paid; and, imported merchandise properly released from Customs' custody on which all applicable duties and taxes have been paid. (19 C.F.R. § 146.43).

**B. Nonprivileged Foreign Merchandise**—Foreign merchandise or non-tax-paid domestic merchandise upon which the duty and applicable taxes will be determined at the time the merchandise enters the Customs territory of the United States from the zone for consumption. (19 C.F.R. § 146.42).

**C. Privileged Foreign Merchandise**—Foreign merchandise or non-tax-paid domestic merchandise upon which the duty and applicable taxes have been determined at the time this status is approved. The determined duty rate and taxes are not subject to future fluctuation. However, if merchandise is subject to antidumping or countervailing duties, and therefore placed in Privileged Foreign status, the merchandise will be entered under the HTSUS rate of duty in effect at the time of admission to the zone; however, the estimated AD/CVD rates are those in effect at the time of withdrawal from the zone. Merchandise subject to antidumping or countervailing duties, that must be placed in privileged foreign status pursuant to 15 C.F.R. §400.14(e)(2), Foreign-Trade Zones Board Regulations, may be exported duty free except to North American Free Trade Agreement countries. Once established, Privileged Foreign status cannot be changed. If merchandise has already been admitted to a zone with Nonprivileged Foreign status, Privileged Foreign status may be obtained by filing a CBPF 214 and related documents. Application for this status, however, must be filed prior to manipulation or manufacture in the zone. (19 C.F.R. § 146.41).

**D. Zone-Restricted Merchandise**—Merchandise admitted to a zone for the sole purpose of exportation or destruction. Merchandise with Zone-Restricted Status may not enter U.S. Customs territory for consumption except when approved by the Foreign-Trade Zones Board. No manufacturing or processing may occur with merchandise that is in Zone Restricted Status. Drawback may be filed immediately upon merchandise admission. (19 C.F.R. § 146.44).

**Storage**—The keeping of merchandise in or upon the premises within the Foreign-Trade Zone. Covered storage means keeping within a covered and enclosed structure affording weather protection. The term "storage", without other designation, ordinarily implies covered storage.

**Subzone**—A special purpose zone established as part of a zone project for a limited purpose that cannot be accommodated within an existing zone. Foreign merchandise may be admitted to the area without the payment of U.S. Customs duties and taxes or the imposition of U.S. quotas; domestic merchandise is allowed in the area. No U.S. Customs duties, taxes, or quotas apply if the merchandise is exported; U.S. Customs duties, taxes and quotas are applicable if the merchandise is imported into U.S. Customs territory either on the basis of the imported materials or the finished product depending on the zone status designation.

**Sunset Provision**—Magnet sites have a rolling five (5) year sunset provision during which at least a portion of the magnet site must be activated, while a usage-driven site must demonstrate actual zone activity within three (3) years or lose zone status.

**Temporary Deposit**—Merchandise admitted to a foreign-trade zone under 19 C.F.R. §146.35, when information or documentation is insufficient in order to complete the CBPF 214. The documentation and time period restraints under this provision are avoided if the Admission Suspense Account procedures in 19 C.F.R §146.22(c) are followed. See Section I - Definition of Terms, Admission Suspense Account.

**Transshipment Merchandise**—Foreign merchandise which enters and leaves the United States through the same port, being transferred from one vessel to another directly or by way of a Foreign-Trade Zone or Customs Bonded Warehouse. The term is particularly applied to such merchandise transferred through a Foreign-Trade Zone.

**Unit of Quantity**—Means the customary grouping of a commodity as a unit to indicate the medium or method of measure.

**United States**—The fifty States, the District of Columbia, and Puerto Rico that constitute the Customs territory of the U.S. The term "United States" includes all territories and possessions of the United States, except the Virgin Islands, American Samoa, Wake Island, Midway Islands, Kingman Reef, and the Island of Guam, which are not considered part of U.S. Customs territory.

**Usage-Driven Site** means sites designated to meet a specific operator/user's present need for FTZ designation; usage-driven sites cannot be used by another entity. A usage-driven site must demonstrate actual zone activity within three (3) years or lose zone status.

**Warehouse**—A covered and enclosed structure, affording weather protection, used primarily for short or long term storage of merchandise, and often containing business offices. In a Foreign-Trade Zone it also is used for manipulation, manufacture, and exhibition of merchandise.

**Weight**—Means the gross weight of the merchandise including all containers, except as noted to the contrary.

**Zone Admission Number**—The control number or sequential number on the CBPF 214 in block #6. The Zone Operator sets the number structure.

**Zone Operator**— An entity holding a customs bond that typically supervises all admissions, transfers and removals, manages inventory control and recordkeeping systems, coordinates with Customs and completes an annual report on zone activities at a magnet site, usage-driven site or subzone. The Grantee, a firm that oversees one or multiple zone users, or each firm using the zone may be designated a foreign-trade Zone Operator. For the purposes of this Schedule, the term Zone Operator shall apply to magnet sites, usage-driven sites and subzones. The Zone Operator may be an organization, corporation, partnership, or person that operates under the terms of an agreement with the Zone Grantee. There may also be multiple Zone Operators operating under the terms of agreement with the Zone Grantee.

**Zone User**—A person or firm using a zone for storage, handling or processing of merchandise. The Zone Operator may authorize a Zone User to maintain its individual inventory control and recordkeeping systems and procedures manual; however, the Zone Operator will remain responsible to Customs and liable under its bond for supervision, defects in, or failures of the systems unless the Zone User posts its own FTZ Operator's Bond and becomes a Zone Operator.

**Zone Year**—Each Zone Operator may choose its own zone year. December 31 is the year-end for Foreign-Trade Zones Board Annual Report purposes.
